Sustainalytics

What We Do

- » Sustainalytics principal business is to support hundreds of the world’s foremost investors to incorporate Environmental, Social, and Governance (ESG) insights into their investment decision making processes.
- » As the responsible investment sector has grown and matured, there has been more demand for ESG research and products for new uses, like integrating sustainability data into capital raising activities.
- » Sustainalytics Corporate Solutions team provides services tailored for issuers, corporates and the banks who support them, helping them answer the question **“How can I attract Responsible Investors/Lenders to finance my bonds or my company?”**
